Good news of this sort could not come at a more opportune moment—just in the nick of time to share in the Christmas buying. We had a merchant, yes, a good sized merchant from out of town tell us we were fools to sell such quality neckwear at 97c. Why, he said, you could get \$2 each for every tie in the lot. Quite true we could sell every one of them at \$2—but we would not make the same impression. We built our business by doing things out of the ordinary, and we will continue to build along the same lines.

Bright Skies And Good Temperature For Next Few Days

The weather forecast for Tuesday and Wednesday in Memphis and vicinity gives promise of excellent Christmas shopping weather. The extreme cold of last week has abated, as has the rain, and local weather officials say that the fair weather will continue with practically no change in temperature. The lowest temperature recorded Monday night was 30 degrees, according to the official instruments at the weather bureau. During Tuesday morning there was an appreciable rise in the temperature that continued until the sun withdrew its rays below the horizon in the west.

The weather map Tuesday indicated that the entire country was considerably warmer than for several days past. Even the coldest spot on the map, Winnipeg, recorded a higher minimum than on Monday morning. Several points in Florida and one or two in the United States, however, were still shivering, with the thermometer below the zero mark.

In view of the moderation in temperature throughout this section of the country no shippers' forecast was issued by the weather bureau, the thermometer setting forth the fact that conditions within a radius of 100 miles of Memphis did not warrant shipments being protected for unusual cold.

U. S. METHODIST BOARD AIDS GERMAN CHILDREN

BERLIN, Dec. 15. (By the Associated Press.)—Two hundred tubercular children from German cities will be permitted to spend three months in the Black Forest of southwestern Germany as a result of the donation by American Methodists to the German Red Cross. Bishop William Burr of Buffalo, N. Y., member of a commission representing the Methodist war reconstruction board, last night tendered a check to the German relief organization making available 200,000 marks for the war-affected German children.

HIS TEST OF SPEED.

"But your honor, I'm satisfied I was not going very fast."
"This motorcycle policeman says he timed your car and you were going 45 miles an hour."
"Impossible, your honor. The train I was racing has never been known to travel faster than 26 miles an hour and it was in the lead."
